APA 6 Reference Page and In-Text Citations Guide

Example:

Author. (Publication Year). *Title of container: container subtitle*. Publication City, State (abbreviated) or Country of Publication: Publisher. Retrieved from URL

- Author
  - Last name, first name
  - Two authors
    - Ex. Fuller, N., & Zapata, C.
  - List up to seven authors' names
  - After seven names, put an ellipses and then list the last author's name
- (Publication year).
  - The publication year is typically right near the top of the source by the title
  - Enclose in parentheses
  - End with a period
- *Title of Container*
  - Containers are what hold the source. For example, a book holds a chapter, a website holds an article
  - Italicized
  - End with a period
- Publication City, State
  - This is the location of the information that was published
  - No quotes, no italics
  - Abbreviate the state
- Ex. Midlothian, VA
  - End with a period

- Publisher
  - The publisher is the company responsible for the work
  - No quotes, no italics
  - End with a period
